CE Declaration of Conformity July 15, 2016

Manufacturer: Control Technology Inc.
5734 Middlebrook Pike
Knoxville, TN 37921

Product Family: *2500 Series® Programmable Controller System*

The indicated product family is in conformance with the regulations of the following EC Directives:

89/336/EEC Council Directive on the harmonization of the laws of the member states relating to electromagnetic compatibility (EMC Directive)

73/23/EEC Council Directive on the harmonization of the laws of the member states relating to electrical equipment designed for use within certain voltage limits (Low Voltage Directive).

These products can be used in industrial applications since they meet the requirements of the following EC Directives:

Usage	Emissions	Immunity	Safety
Industrial	EN 61000-6-4 : 2001	EN 50082-2 : 1995 EN 61000-6-2: 2001	EN 61131-2 : 1994

Note: Testing for EMC compliance was performed using a typical 2500 Series system installation. The user may be required to take additional measures to insure that EMC emissions compliance is maintained in unusual situations or configurations.

Attachment of the CE Marking: 1997
